**DETAILED ACTION**

***Response to Amendment***

1. Applicant's amendment of claims 2-7, 10, 12-14, 18, 30, cancellation of claims 1, 8, 9, 11, 16, 17, 19-23, 25-29, and addition of claims 31-38 has been fully considered and is entered.

***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 32, 34, 36, 38 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

4. Claims 32, 34, 36, and 38 state that the encrypted vote content is decrypted by each distributed counter apparatus to generate decrypted intermediate data. This decrypted intermediate data is then sent to a predetermined counter apparatus that subsequently totally decrypts all of the decrypted intermediate data. If the data was previously decrypted by the plurality of distributed counter apparatus then there is no further decryption to be done. This limitation does not follow the logical step progression.

5. Claim 32 recites the limitation "said secret key" in line 5. There is insufficient antecedent basis for this limitation in the claim.

***Allowable Subject Matter***

6. Claims 2-7, 10, 12-15, 18, 24, 30, 31, 33, 35, 37 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

The prior art does not disclose using the plurality of counters connected in series wherein each counter decrypts part of the encrypted voting material using a split secret key.

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
